Marty - I never got to meet John Wayne, Bob Hope, Michael Landon or the other big stars who did film and video work for the U.S. Air Force but I did nail this one. Can you name the 4 Alfred Hitchcock movies he starred in without looking them up?

**Lewis Forro** Yes, that's right but I wanted to see if Marty could do it.

**Martin Grams** Paul beat me to it. But yeah, I would have answered the same. I practically researched and wrote about each for a gorgeous coffee table book. Been to Stewart's museum, by the way, and it is FANTASTIC!!!

**Lewis Forro** I would like to visit his museum someday. I met the curator at the MANC a few years ago.
