### Description

# The Edgewater Road Collection 1965-1977

## Machine Man #1

Apr 1978

9.4 Near Mint-

White pages. Unread copy.

Writer: Jack Kirby. Artist: Jack Kirby. Inker: Mike Royer. Cover: Jack Kirby.

Robot X-51 aka Mister Machine and Machine Man first appeared in *2001: A Space Odyssey* #8.

All of these Edgewater Road comic books are from my personal collection. I bought them new at a few stores in my hometown of Savannah, Georgia. After 1965, I very rarely read a comic more than once. Many of the 1970s books have not been read at all. They have been stored in an air conditioned home since they were bought and more importantly, they have all been kept in Mylar Snugs since 1981 and I can prove it. Consequently, many of these books have supernatural cover gloss. You can always buy a comic book with no history or lineage and no knowledge of how it was stored and preserved. Instead, here is a rare chance to not only buy books from a pedigree collection, but to buy them directly from the original owner. When you buy one of my comic books it's not a book that a bunch of other unknown people have had their hands on. You will be only the second person in the world to own the book. Please visit my [About Me](#) page for more information.
